

INSTALLATION INSTRUCTIONS TACHOMETER MOUNTING BRACKET MODEL 5265

This mounting bracket is designed to allow Auto Meter tachs or gauges (in mounting cups) to be mounted on the vehicle's dashboard. The special length provides mounting where windshield clearance may be a problem. (See diagram).

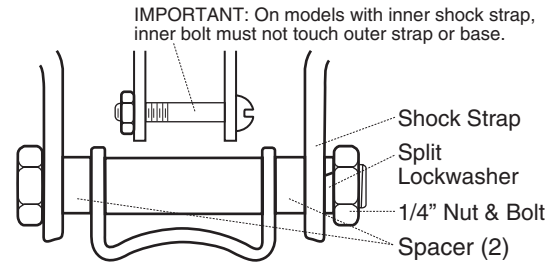

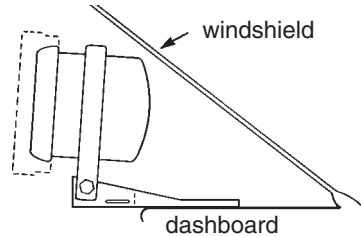

IMPORTANT: On models with inner shock strap, inner bolt must not touch outer strap or base.

AUTO METER PRODUCTS, INC. 413 W. Elm St., Sycamore, IL 60178 USA (815) 899-0801 Email us at service@autometer.com
