K&N® Cabin Air Filters replace your vehicle's stock cabin filter with a reusable design that cleans and freshens incoming air. They are electrostatically charged to grab and hold dust particles. K&N® cabin air filters help control odors while they help capture most mold, mildew, fungus, spores, bacteria and germs. When they get dirty they can be cleaned and reused and best of all, they come with a 10 year/Million mile limited warranty.

If you need any assistance please call 1-800-858-3333 to speak with a representative in our Customer Service Center before returning the product.

When applicable, refer to owner's manual for manufacturers installation/removal instructions. The following are helpful steps when replacing/servicing cabin air filter with K&N® cabin air filter.

1. Open glove box and remove glove box shelf to gain access to cabin filter housing door. (Fig. 1 & 2)
2. Remove cabin filter housing door. (Fig. 3)
3. Remove cabin filter tray. (Fig. 4)
4. Remove dirty cabin filter from tray. (Fig. 5)
5. Install K&N® cabin filter into tray.

**NOTE: K&N® cabin filter will only fit one direction. The K&N® cabin air filter has features built in for clearance of ribs located in cabin filter tray. (Fig. 6, 7 & 8).**

6. Reverse steps 1-4 to complete the cabin filter installation. With the cabin filter installed, clean an area and apply the K&N® Stop Decal. The decal will help notify other that this is a reusable cabin filter.
